

**June 2005 - Early Action Compact Progress Report  
Beaufort County**

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	Gary Kubic	843-470-2501	gkubic@bcgov.net
EAC contact	John Holloway	843-470-2732	johndh@bcgov.net

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

**Did not participate, however we will apply some of the ideas and products throughout this year.**

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

**County is preserving open space (removing forested lands from development possibilities). Our Zoning and Development Standards Ordinance also requires open space for every development (i.e., preserved habitat, trees & landscaping). Working w/the COG on transportation issues throughout the Low Country to reduce impacts to resources and air quality.**

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

**I will use some of the Ozone Awareness week ideas and products to educate County employees and citizens. Will work on getting website linked to the County website.**

5. Do you have any requests for specific assistance from the Department and/or the EPA?

**Not at this time.**
